A youth team will help restore homes for families affected by the flooding from Hurricane Harvey. More than 250,000 people are still without adequate housing.

Medellin, Colombia

An adult team will serve alongside Open Arms Ministry whose focus is to get boys and girls off the streets. We will be helping build a dorm facility and offer support in education, construction, and business operations.

Czech Republic

Our team will be teaching English at a language camp for young people ages 13-17. We will also be encouraging these young people in their faith as they learn to live as Christians in an officially atheistic country.

Tickets cover the cost of the event only. All moneys raised through auction items support mission trip expenses. Because of the nature of the dinner and event, no childcare is available.
