Dinner with wine catered by Castle Catering

Live and Silent Auctions: vacation stays, group dinners, handmade items, experiences, art, wine, sports activities, services, and more!

Houston, Texas

A youth team will help restore homes for families affected by the flooding from Hurricane Harvey. More than 250,000 people are still without adequate housing.

Medellin, Colombia

An adult team will serve alongside Open Arms Ministry whose focus is to get boys and girls off the streets. We will be helping build a dorm facility and offer support in education, construction, and business operations.

Czech Republic

Our team will be working at an English language camp for young people between the ages of 13 to 17. In addition to teaching English we will be encouraging them in their faith as they learn to live as Christians in an officially atheistic country.

Tickets cover the cost of the event only. All moneys raised through auction items support mission trip expenses. Because of the nature of the dinner and event, no childcare is available.
