

OUR FINEST HOUR

LIVING BY THE GRACE OF CHRIST

Jesus calls us to live a new type of life. It is to be a life marked by His grace. It takes more grace to live for Christ than it does to simply have our sins forgiven. So often, we focus on how to position ourselves to receive grace by believing/trusting in Jesus. But, after we have received it, how do we actually live out of grace?

In this series of talks, we are going to look at four ways we actually live by the grace Christ. Here's my main thought, our finest hour will be made up of those moments when we live out of His grace, that's when we will really shine, that's when we fully live into our call to be the image and likeness of God.
